

Uninstall e-Thesis Add-in and install i-Thesis Add-in manual (If exists)

Uninstall or change a program

To uninstall a program, select it from the list and then click Uninstall, Change, or Repair.

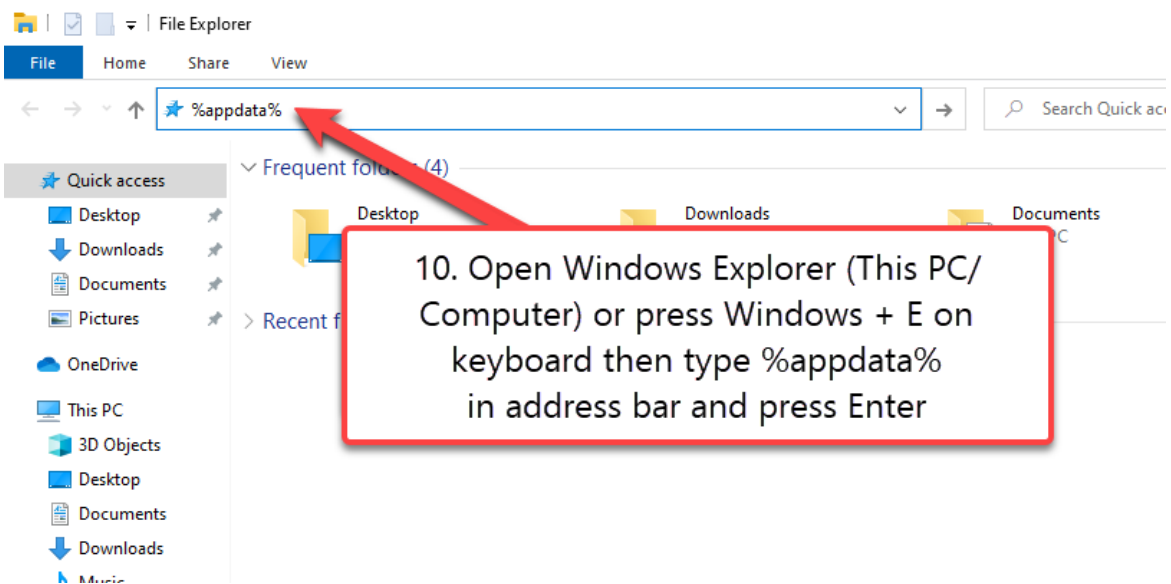

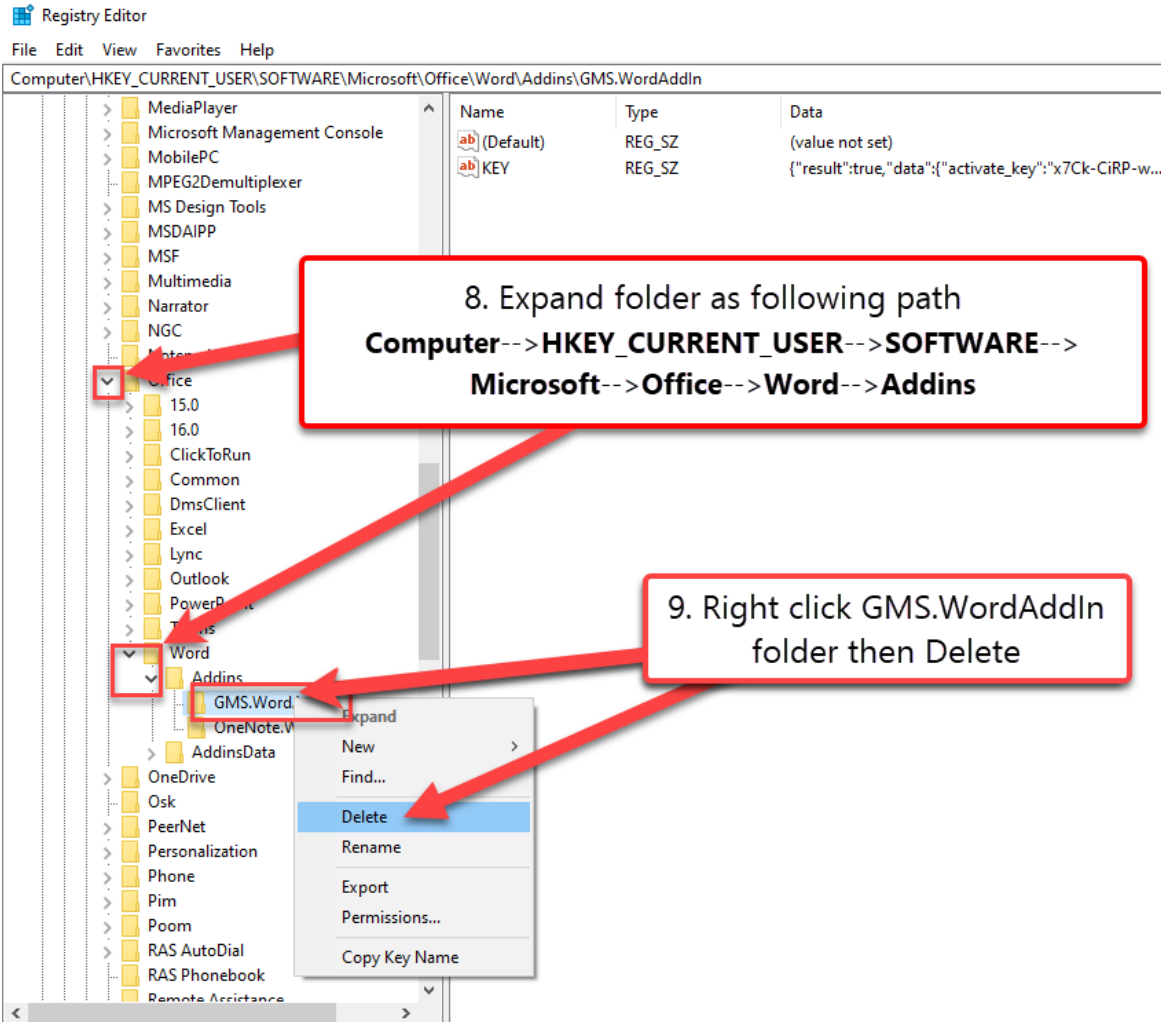

The screenshot shows the Windows 'Programs and Features' control panel window. A list of installed programs is displayed, with 'GMS' selected. A confirmation dialog box is overlaid on top, asking 'Are you sure you want to uninstall GMS?'. The dialog has a 'Yes' button highlighted with a red box and an arrow pointing to it, with the text '5. Click "Yes"'. Below the dialog, the details for the selected program 'GMS' are shown: Publisher: Blueink, Installed On: 3/15/2021, Size: 2.64 MB, Version: 0.0.29.

Blueink Product version: 0.0.29 Comments: GMS
Size: 2.64 MB

6. Open "Run" window using Windows + R on keyboard

The screenshot shows the Windows 'Run' dialog box. The text 'regedit' is entered into the 'Open:' field. A red box highlights the 'regedit' text with the text '7. Type "regedit" and click OK'. Red arrows point from the text to the input field and then to the 'OK' button.

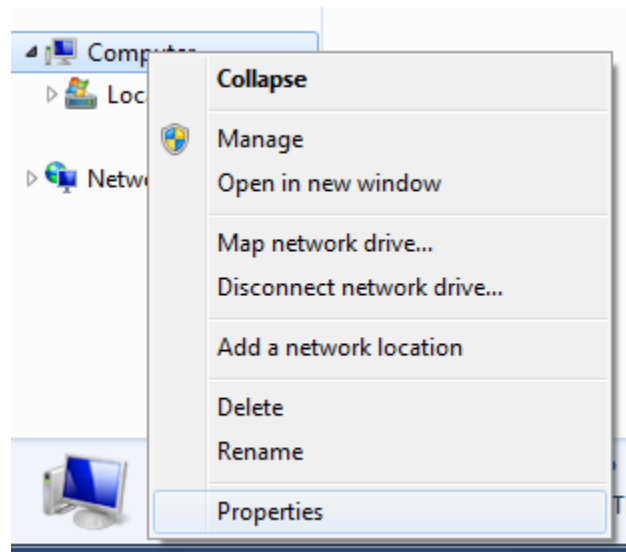

Installing i-Thesis Add-in for Microsoft Word

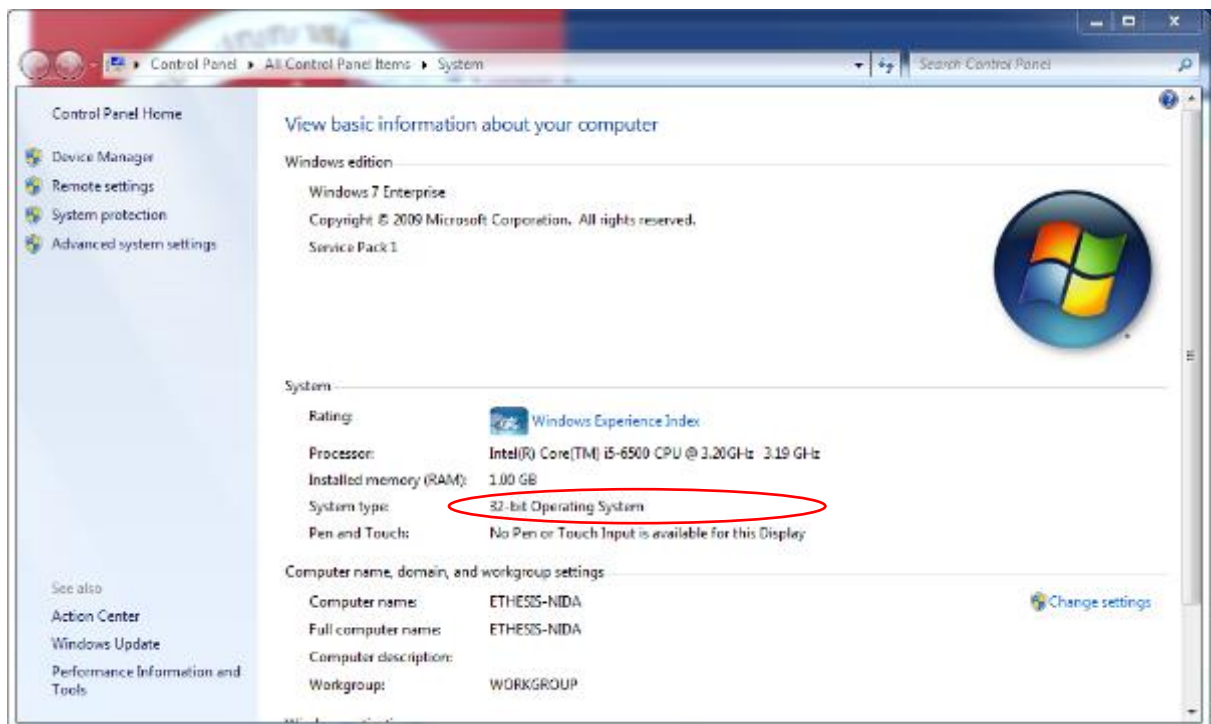

First check system type (32 bit or 64 bit)

OS Windows 7

Right click on Computer icon then Properties.

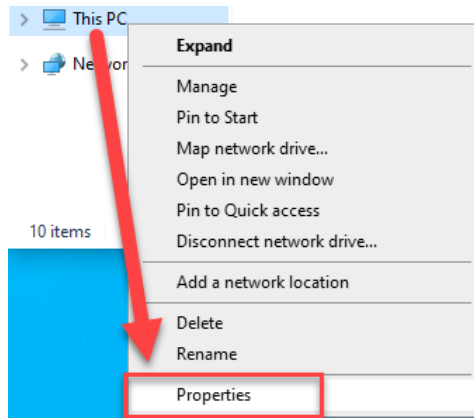

As picture below, System type is 32 bit.

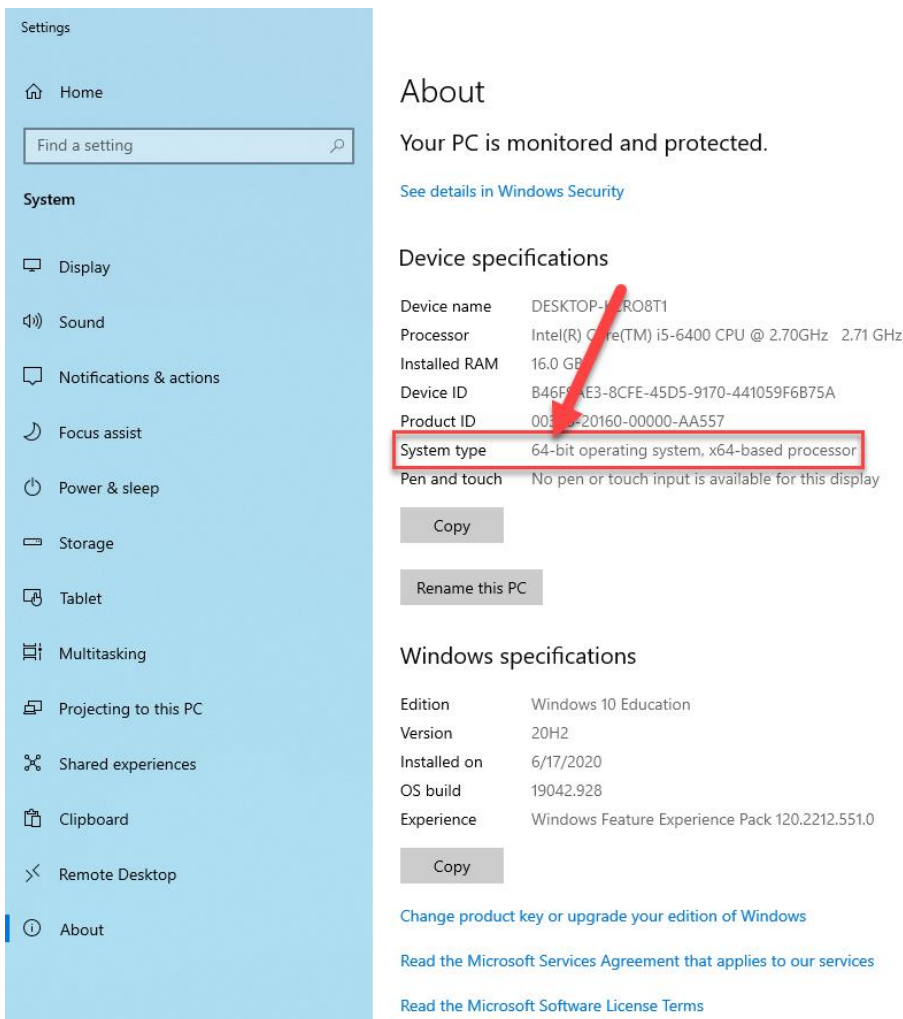

OS Windows 8/8.1/10

Right click on This PC icon then Properties.

As picture below, System type is 64 bit.

A screenshot of the Windows Settings application, specifically the 'About' page. The left sidebar shows various settings categories, with 'About' selected at the bottom. The main content area displays system information. A red arrow points to the 'System type' entry, which is highlighted with a red box. The 'System type' is listed as '64-bit operating system, x64-based processor'. Other specifications include device name, processor, RAM, device ID, product ID, and pen and touch status. Below the specifications are buttons for 'Copy' and 'Rename this PC'. At the bottom, there are links for 'Change product key or upgrade your edition of Windows', 'Read the Microsoft Services Agreement that applies to our services', and 'Read the Microsoft Software License Terms'.

Installing i-Thesis Add-in

The screenshot shows the iThesis website interface. A red box highlights the URL `https://ithesis.nida.ac.th` in the browser's address bar. Another red box highlights the **Microsoft Word Add-In** tab in the navigation menu. A third red box highlights the **iThesis x64 (1.3.0)** download option under the **iThesis Add-In** section. A fourth red box highlights the **Microsoft Visual C++ 2010 Redistributable Package x86 (for 32bit)** option under the **Prerequisite programs** section. Red arrows point from these boxes to instructional text boxes.

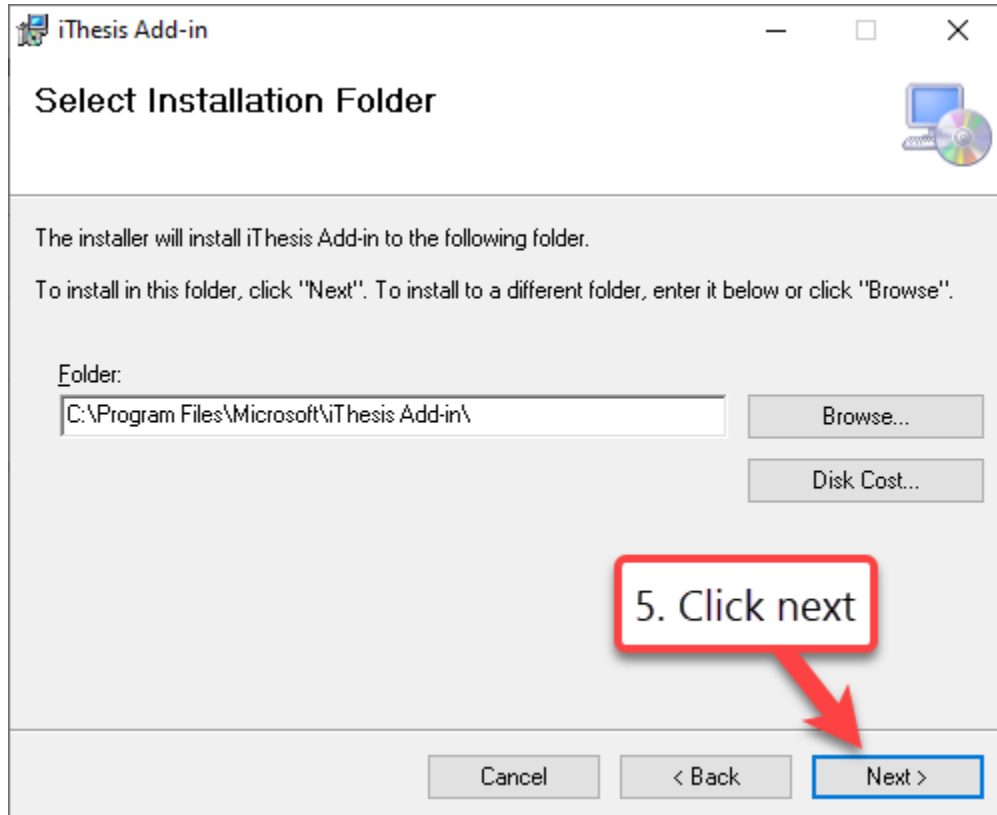

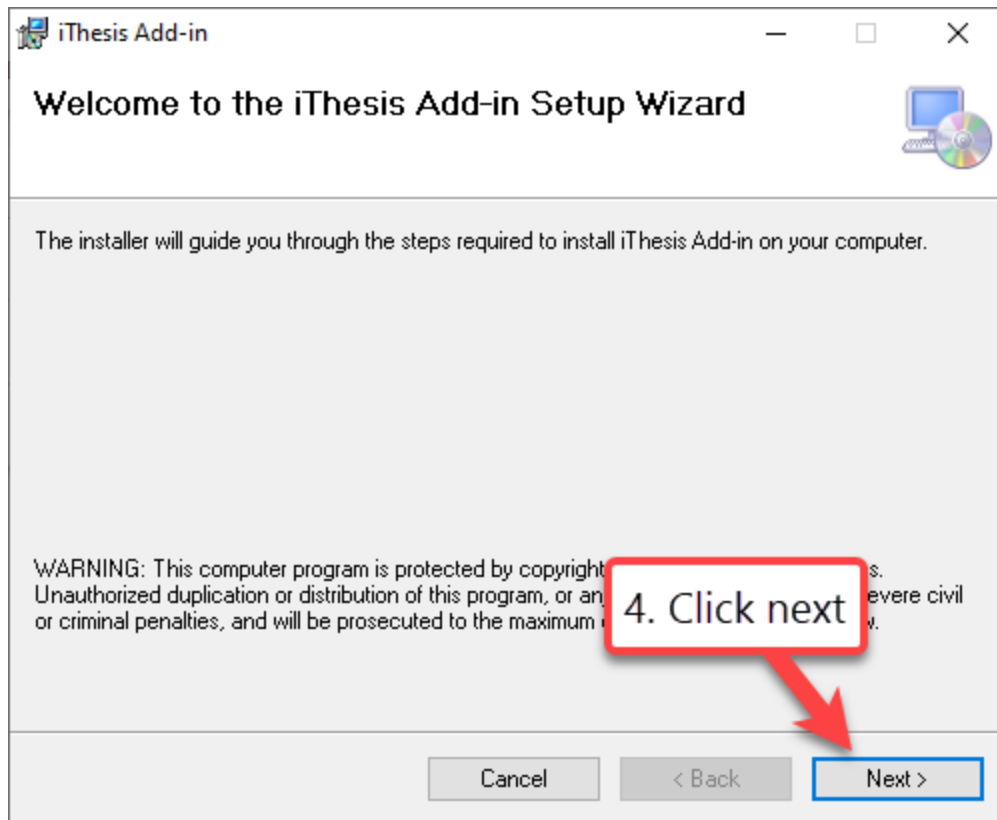

1. Open `ithesis.nida.ac.th` website then click Microsoft Word Add-In tab.

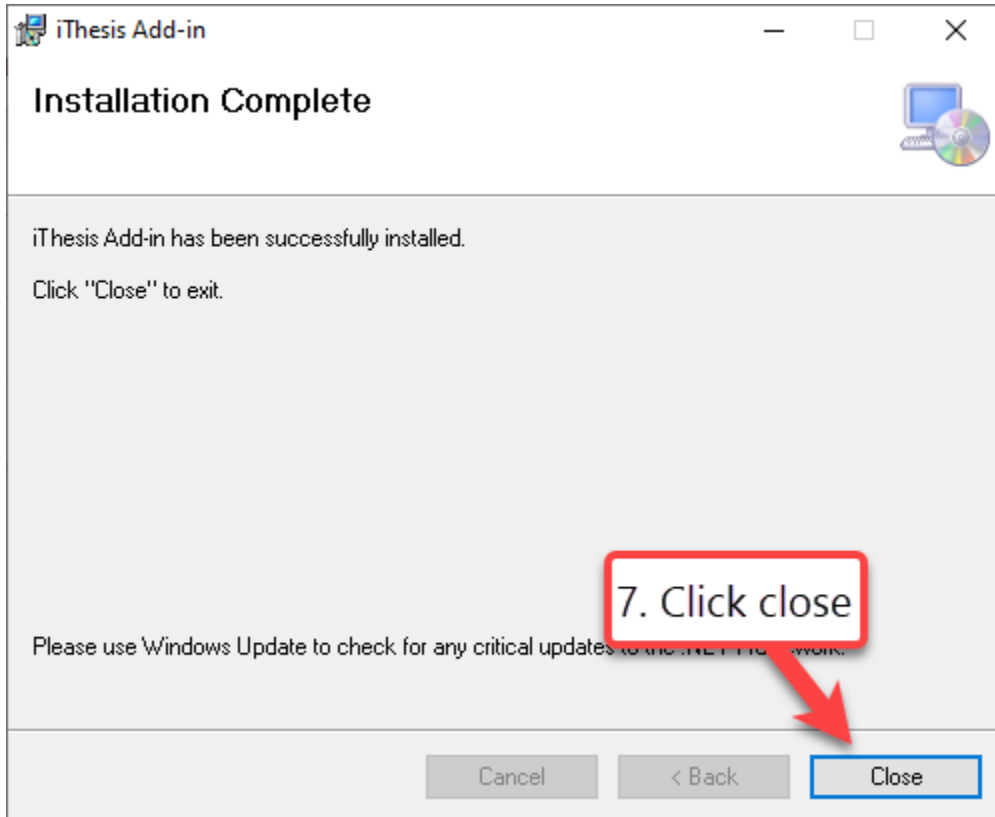

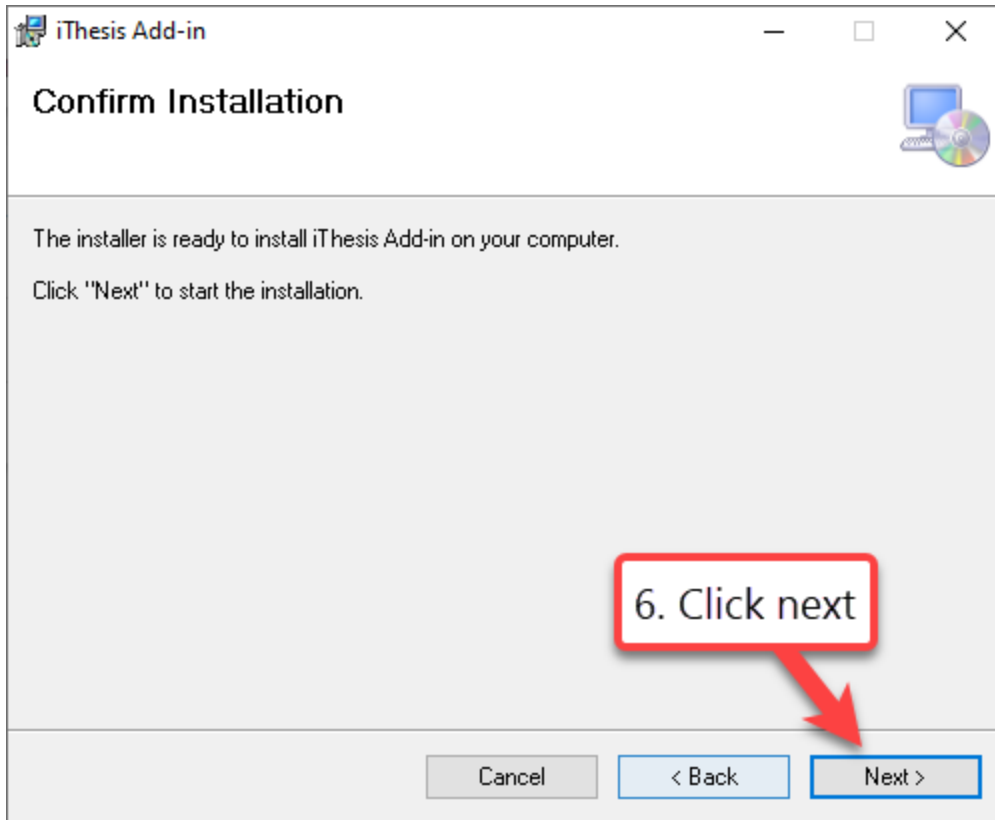

2. Choose version to download as your System type.
x64 is 64 bit
x86 is 32 bit

*For MS Office 2010 only

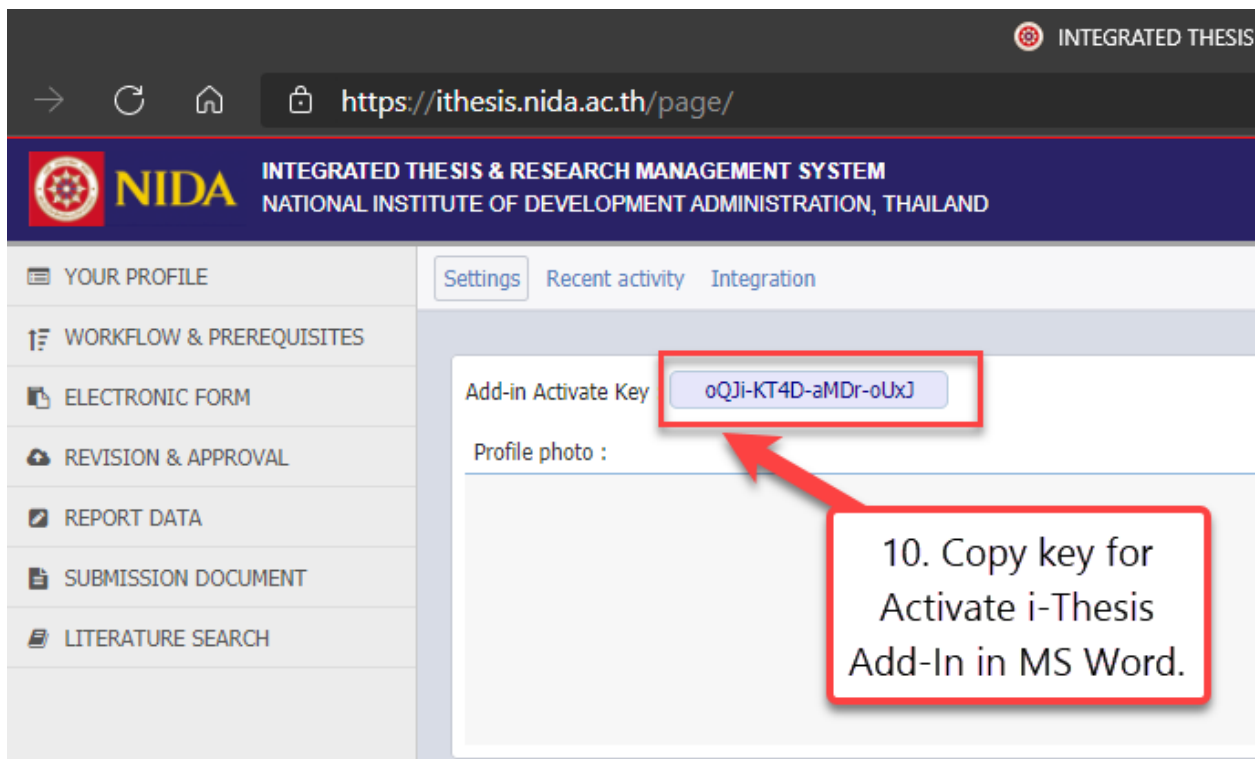

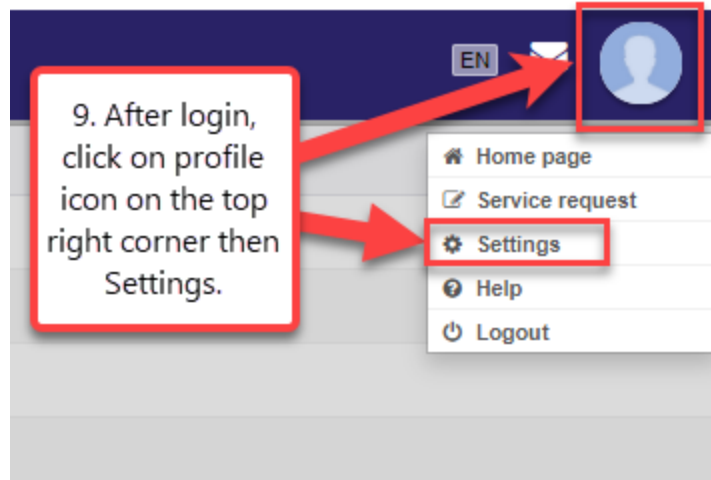

The screenshot shows a Windows File Explorer window titled **Downloads**. A red box highlights the downloaded file `iThesis-Release20180418-[1.3.0]x64.msi` with an **Open file** button. A red arrow points from this box to instructional text.

3. Open downloaded file
*Typically save to download folder if you can't find the file.

8. Login at ithesis.nida.ac.th website
